

Seven of Hearts features wines from distinct appellations within Oregon's Willamette Valley and neighboring regions, including specific vineyards and portions of vineyards that show unique characteristics. Using traditional winemaking methods, our goal is small production distinctive wines of purity, complexity, and elegance.

The label on the bottle, with its neo-classical elements, symbolizes our passion for the traditional old world style of Pinot noir.

We make wines from our estate vineyard under the Luminous Hills label, which is about that specific site. Seven of Hearts is about exploring other vineyards, other AVAs, and other varietals, including highly regarded and well-managed vineyards in the Willamette Valley AVAs of Eola-Amity Hills, Dundee Hills, Chahalem Mountains, and Ribbon Ridge. We are very fortunate to be working with growers from outstanding vineyard sites where great attention to detail and care is given to the fruit.

Varietals that are classically grown in the Rhône region of France are featured under the Chatte d'Avignon sub-label of Seven of Hearts: Viognier, Roussanne, Grenache, Syrah, and Mourvedre, and the GSM blend. Our new Chateau Figareaux line highlights the Bordeaux varietals Sauvignon Blanc, Cabernet Sauvignon, Merlot, Cabernet Franc, and our classic-style red blend called Tradition.

## 2011 PINOT NOIR

### Durant Vineyard

#### Dundee Hills

Cases Produced: 133  
Clones: Pommard, 114, 115  
Soils: Jory Volcanic  
Harvest Dates: November 2, 2011  
Cooperage: French Oak (36% New)  
Alcohol: 12.0%  
pH: 3.627  
TA: 6.243

This is a new site for Seven of Hearts, starting with the 2011 vintage, but a very old vineyard. This wine incorporates 40-year old Pommard from the Bishop block of the Durant vineyard, as well as some equally stunning 114 and 115 clones from the Lark block. Typical of most of the Dundee Hills, these sites are on Jory volcanic soil, producing the classic elegant red fruit the area is known for. This blend draws heavily from 100% whole cluster fermented Pommard, comprising 55% of the blend. This wine demonstrates better than any we've ever done, that there is no correlation between the color of a Pinot Noir and its intensity and flavor.
