

Seven of Hearts features wines from distinct appellations within Oregon's Willamette Valley and neighboring regions, including specific vineyards and portions of vineyards that show unique characteristics. Using traditional winemaking methods, our goal is small production distinctive wines of purity, complexity, and elegance.

The label on the bottle, with its neo-classical elements, symbolizes our passion for the traditional old world style of Pinot noir.

We make wines from our estate vineyard under the Luminous Hills label, which is about that specific site in the Yamhill-Carlton AVA. Seven of Hearts is about exploring other vineyards, other AVAs, and other varietals, including highly regarded and well-managed vineyards in the Willamette Valley AVAs of Eola-Amity Hills, Dundee Hills, Chahalem Mountains, and Ribbon Ridge. We are very fortunate to be working with growers from outstanding vineyard sites where great attention to detail and care is given to the fruit.

Seven of Hearts also features varietals that are classically grown in the Rhône region of France, including Viognier, Roussanne, Grenache, Syrah, and Mourvèdre, and the GSM blend. Wines inspired by the Bordeaux region include Sauvignon Blanc, Cabernet Sauvignon, Merlot, Cabernet Franc, and a classic-style red blend called Tradition. The great wines of the Piedmont region in northern Italy influence our Nebbiolo, and the sole reason we make Tannat is our love of the distinctive and bold wines of Madiran in southern France.

Nebbiolo ranks amongst the most noble and profound wines, particularly when from Piedmont region in the Northwest part of Italy. With the proper site selection and careful farming, increasingly it is seeing success in the new world. That is the case with the care and love Coyote Canyon provides their small blocks of Nebbiolo in their vineyard near Prosser in the Horse Heaven Hills of the Columbia Valley Washington. In the winery, this has been given traditional and non-traditional treatments, all natural, to mirror the old world in this exemplary new world site. 50% whole cluster fermentation, extended cold maceration, a preponderance of old wood, and long barrel aging all contribute to classic distinctive Nebbiolo characteristics of iron, tar, rose petals and delicate fruit on a platform that is both silky and yet still supported by sharply focused tannins.
